Subject: Notice of Potential Non-Compliance, Rocanville Corporation, Black Rock, M0270088, Millard County, Utah

Dear Mr. Hamilton:

The Division issued Tentative Approval for the Black Rock Large Mine Permit on December 14, 2005. The public comment period ended on January 19, 2006. To date, we have not received the bond for \$43,800 dollars. Also, our records indicate the \$500.00 permit fee for this site as well the two other Rocanville sites have not been paid. A permittee's authorization under a notice of intention requires the paying of permit fees. Black Rock Mine and the other Rocanville sites are not authorized to conduct mining activities until these fees are paid.

The last Division inspection documented the Black Rock mine site at 6 acres (map attached). Black Rock is no longer a small mine (5 acres) but must be permitted as a Large Mine.

The Division will consider allowing immediate reclamation to a 5 acre small mine site, if a written request is made by March 16, 2007. Approval of this request will be contingent upon posting \$18,600 reclamation surety and site reclamation to 5 acres.
